# ETIQUETTE

No player should play until the players in front are out of range

Players searching for lost balls should signal the players behind to play through when it becomes apparent that the ball in question is difficult to find. Whilst 5 minutes is allowed to search for a ball this should not be used as a precursor to course **ETIQUETTE**.

When play of a hole has been completed, players should leave the green immediately. Marking of scorecards must be made whilst waiting on the Tee, and NOT on or in proximity of the green just played.

If a match fails to keep its place on the course and loses more than one hole on the match in front, then as a matter of **ETIQUETTE** they should call the match following, and allow them to play through. Failure could involve the implementations of RULE 6 – 7 the Rules of Golf

Giving Way. **Whilst Juniors have right of way on the course during Official Junior Competitions and /or League Matches during their allocated and or booked Tee time, it is very important that the Etiquette rule be observed at all times.**
